CORPORATE SOCIAL RESPONSIBILITY

We strive to live up to our brand - the future is friendly - not just in the minds and hearts of our customers, team members and shareholders, but also in the communities where we live, work and serve.

TELUS International Philippines is dedicated to the TELUS corporate social responsibility philosophy of "we give where we live".

- An innovative corporate philanthropy model that further demonstrates our commitment to our corporate social responsibility philosophy, “we give where we live”.
- Grassroots charitable organizations are invited to apply for funding for projects in the areas of health and wellness, education and sports, and arts and culture.
- The board distributes up to US\$100,000 to local charities annually, focused on areas of arts and culture, education and sport, health and well-being in our environment.

How to get funded - Overview

Does your registered charity help young people fulfill their potential with socially innovative programming or new uses for technology? If so, we have much in common. Because at TELUS, we invest in charities that help to educate and empower youth to improve their quality of life and to enable them to reach their full potential.

These investments, disbursed by our local TELUS Community Boards and Community Action Teams, are the cornerstone of our community support in Canada and internationally.

To apply, please review our guidelines to ensure your program meets the criteria, before you submit your online request for funding.
